INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents  
P.O. Box 1450

**RECEIVED**

SEP 15 2003 September 8, 2003

Sir:

**GROUP 3600**

The Information Disclosure Statement filed May 2, 2002 cited the German article by R. SELLEN, "Neue Mobile Perspektiven Mit WAP", Vol. 52, No. 11, 1999, pages 50-53. However, since no English translation was provided with the Information Disclosure Statement, reference to that prior art was stricken through on the copy of the Information Disclosure Statement Form-1449 returned with the Office Action of April 7, 2003.

An Official Communication has now been received in connection with the European Patent Application corresponding with the present application, and a passage from that German article was cited with reference to claim 1 of the European application.

Applicant has advised that the passage relied upon in the European patent application is page 52, column 1, lines 8-13 which in German read as follows:

"Selbstverständlich wird dabei auf Informationen zugegriffen, die in irgendeiner Form bereits im WWW vorhanden sind (z.B. Börsenkurse, Fahrpläne, Verzeichnisse usw.) und nur noch an die WAP-Umgebung angepasst werden müssen."

Further, Applicant has advised that that segment is translated:

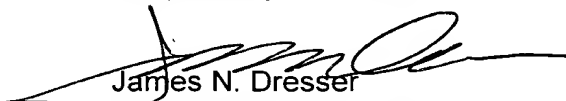

"It is obvious that also such information is accessed, which is already in any format in WWW (e.g. stock exchange rates, timetables, catalogues etc.) and which have to be adapted to the WAP environment."

Attached is a PTO Form -1449 listing this passage from the German article.

This Information Disclosure Statement is being filed before the mailing of a first Office Action after filing of a Request for Continued Examination.

Please charge any shortage in the fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 01-2135 (referencing Case No. 0171.37999X00) and please credit any excess fees to such deposit account.

Respectfully submitted,
